

## Greek Cold Coffee

### Ingredients:

- 3 cubes of ice
- 1 tsp or tps of nescaffe instant coffee
- 1 cup of milk or water
- Whipcream (optional)

### Direction

- Put 1 tsp or more (as per your discretion) of Nescaffee instant coffee (any brand will do) into a shaker
- Add the iced cubes, and about 100 ML of water..
- Shake until it becomes foam.
- Pour entire contents with cubes into glass
- Add either water or milk to fill the glass.
- Add sugar as per your discretion would take your regular coffee and there you go !.
- Prefer doing this with milk.
- If you find that the foam is not pooring out add a little water to get the foam out of the shaker.
- Serve chill
